RESOURCES FOR LIFE'S JOURNEY
life stages planning guide

Being prepared for the stages of your life sounds like something that should be quite natural and easy. But it's not -- because this kind of planning is never a priority until it's too late and, let's be honest, the whole idea is overwhelming.

This program changes that. All who take part in one or more sessions of Calvary Community Hour at the 10:00 hour during Lent will receive a binder that will help you to understand and organize various elements of life stage planning.

This program is for adults of all ages, and we'll cover why it's important to consider this planning no matter your life stage.

Sundays in Lent: Program at 10:15 a.m., come early for coffee & conversation
